

## 7 Rivers District Cub Scout Shooting Sports

### Montgomery Farms, Ontario, OR

Sat. October 21, 2017

Safety briefings 11:30 – 1:00 (approx. 15 minutes long)

Range time -- Noon – 3:00

Scouts will be able to participate in all 3 shooting sports: archery, BB guns & slingshot. Scouts can complete both level one and level two requirements for the Cub Scout Shooting Sports awards. These requirements include a safety briefing and shooting proficiency for score. There are different requirements depending on the rank of Scout. Tiger Cubs must be accompanied by an adult partner and the slingshot range has requirement of a ratio of one to one. Because of this there will be a limited number of participants allowed on that range. Once the Scout has gone through the safety training, he can shoot as much as he wants to in order to qualify for the different awards.

Part A (activity release) of the health form is required for all participants under 18.

The corn maze and other activities will be open at 1:00 p.m. The cost to go through the corn maze for Scouts is \$3 and for Scout families \$5. All other activities require tickets that you can purchase.
